4.2 ALL JOINT CONTRACTORS OR SUBCONTRACTORS TO BE ENGAGED ON THIS PROJECT

4.2.1 The CONTRACTOR agrees the following is a complete listing of all joint CONTRACTORs or subCONTRACTORs covered under Chapter 444 HRS, who will be engaged by the CONTRACTOR on this project to perform the required work indicated pursuant to East Hawaii Region Policies. The CONTRACTOR certifies that it and its listed subCONTRACTORs or joint CONTRACTORs together hold all licenses necessary to complete the Work, and understands that failure to comply with this requirement may be just cause for rejection of the bid.

4.2.2 'A' General Engineering CONTRACTORs and 'B' General Building CONTRACTORs are reminded that due to the Hawaii Supreme Court's January 28, 2002 decision in Okada Trucking Co., Ltd. v. Board of Water Supply, et al., 97 Haw. 450 (2002), they are prohibited from undertaking any work, solely or as part of a larger project, which would require the general CONTRACTOR to act as a specialty CONTRACTOR in any area in which the general CONTRACTOR has no license. Although the 'A' and 'B' CONTRACTOR may still bid on and act as the "Prime CONTRACTOR" on an 'A' or 'B' project (*See, HRS § 444-7 for the definitions of an "A" and "B" project.*), respectively, the 'A' and 'B' CONTRACTOR may only perform work in the areas in which they have the appropriate CONTRACTOR's license (*An 'A' or 'B' CONTRACTOR obtains 'C' specialty CONTRACTOR's licenses either on its own, or automatically under HAR § 16-77-32*). The remaining work must be performed by appropriately licensed entities. It is the sole responsibility of the CONTRACTOR to review the requirements of this Project and determine the appropriate licenses that are required to complete the Project.

4.2.3 The CONTRACTOR shall provide the complete firm name, license number and nature and classification description by each joint CONTRACTOR or subCONTRACTOR. For projects with Alternate(s), CONTRACTORs shall fill out the supplementary schedule and list the Joint CONTRACTOR or SubCONTRACTOR who will be engaged for the respective Alternate Work. Do not include any Joint CONTRACTOR or SubCONTRACTOR previously listed.

4.2.4 CONTRACTORS shall list only one joint CONTRACTOR or subCONTRACTOR per required specialty CONTRACTOR’s license.

4.2.5 All joint CONTRACTORS or subCONTRACTORS are subject to HHSC’s approval, and HHSC shall have the right to refuse, in its discretion, any joint CONTRACTOR or subCONTRACTOR named by the CONTRACTOR. HHSC shall discuss any refusal of a joint CONTRACTOR or subCONTRACTOR with the CONTRACTOR and shall assist the CONTRACTOR in naming a replacement acceptable to HHSC.

Class	Classification Description	License	Complete Firm Name Joint CONTRACTOR or SubCONTRACTOR

4.3.1 HHSC shall pay CONTRACTOR progress payments as work progresses as designated by the Pricing Schedule submitted with the Offer, for services and materials rendered pursuant to and during the term of this agreement, inclusive, all in arrears, subject to the prior receipt of the following written documentation, which must be submitted on the American Institute of Architect’s (AIA) Application and Certificate for Payment (Form G702) and Continuation Sheet (Form G703), and include:

- C. a description of the tasks performed with such detail as the Technical Representative may reasonably request;
- D. the dollar amount of work completed and outstanding;
- E. signed, certified, notarized and dated by the Offeror's delegated signatory.

4.3.2 The CONTRACTOR'S invoice is due by the tenth (10th) day of the month immediately following the month in which the services were provided. HHSC shall pay sums due FORTY-FIVE (45) days after receipt of CONTRACTOR'S invoice or the last day of the month immediately following the month in which the services were provided, whichever is later. Failure to submit an invoice on the prescribed forms or to include the information required may delay payment processing.

4.3.3 HBMC reserves the right, during construction, to decrease or increase the scope of work, to decrease or increase construction schedule, because of limitations of funds, with no adjustment in unit prices other than that specified hereinabove.

4.3.4 It is understood and agreed that the CONTRACTOR shall be responsible for bearing the cost of all inspections, permits and specialty inspections including testing, etc., as required for the project's scope of work. The CONTRACTOR is also responsible for completing and providing As-Built drawings by a licensed engineering or architectural firm, at his/her own expense.

## **SECTION 5** **EVALUATION**

### **5.1 INTRODUCTION**

The evaluation of proposals will be conducted comprehensively, fairly, and impartially. The evaluation will be made on the basis of experience, the Offeror's narrative discussion as to their methodology for meeting the requirements of the Specifications, the ability of the Offeror to best meet HHSC's specified requirements and the acceptability of the proposed pricing.

### **5.2 EVALUATION PHASES**

Evaluation phases will be conducted as follows:

- Phase 1.....Evaluation of Mandatory Requirements
- Phase 2.....Technical Proposal Evaluation
- Phase 3.....Cost Proposal Evaluation
- Phase 4..... Proposal Discussions (**optional**)
- Phase 5..... Best and Final Offer (**optional**)
- Phase 6.....Recommendation for Contract Award

#### **5.2.1 PHASE 1--EVALUATION OF MANDATORY REQUIREMENTS**

The evaluation of the mandatory requirements, as listed below shall be based upon a "pass/no pass" basis. The purpose of this phase is to determine whether an Offeror's proposal is sufficiently responsible and responsive to RFP requirements to permit a complete evaluation, i.e. responsible in terms of "Does the Offeror have the capability to perform fully the requirements of the Specifications"; and responsive in terms of "Were proposal documents, as identified below, received and contain the required information?" Failure to meet or submit any mandatory requirement ("no pass") with the proposal may be grounds for deeming the proposal non-responsible, non-responsive or both and may disqualify the proposal.

Proposal "**Mandatory Requirements**":

- A. Proposal Transmittal Cover Sheet (Appendix A)
- B. Acceptance (or Notification of Clarifications) document (Appendix B)
- C. Technical Proposal (Experience & Method of Approach)
- D. Cost Proposal, including Proposal Schedule for **Hilo Benioff Medical Center Interior Renovations of Outpatient Surgery Unit, the Short Stay Unit (SSU), Post-Anesthesia Care Unit (PACU), and the Dialysis Treatment area. – DESIGN RFP No. FY26-0161** (Completed Compensation & Fee Schedule)
- E. Proposal Submission Checklist (Appendix E)

#### **5.2.2 PHASE 2--TECHNICAL PROPOSAL EVALUATION**

Evaluation of Offeror’s technical proposal shall be conducted using the technical proposal categories and the value weight percentages identified in paragraph 5.3; and, the evaluation scoring system identified in paragraph 5.4.

**5.2.3 PHASE 3---COST PROPOSAL EVALUATION**

Evaluation of the cost proposal shall be conducted using the cost proposal category identified in Section 4 and paragraphs 5.3, the value weight percentages identified in paragraph 5.3; and, the evaluation scoring system identified in paragraph 5.4.

**5.2.4 PHASE 4--PROPOSAL DISCUSSIONS (OPTIONAL)**

HHSC may conduct discussions with Offerors. Offeror’s proposals may be accepted without discussions. HHSC shall inform Offerors of specific discussion topics and issues; and, schedule discussions proceedings.

**5.2.5 PHASE 5--BEST AND FINAL OFFER (OPTIONAL)**

Offerors may be requested to submit a “Best and Final” offer. “Best and Final” offers shall be evaluated and “scoring” of the Offeror’s proposal adjusted, accordingly. If a “Best and Final” offer is requested but not submitted, the previous submittal shall be construed as the “Best and Final” offer.

**5.2.6 PHASE 6--RECOMMENDATION FOR CONTRACT AWARD**

The Evaluation Committee shall make a recommendation of its proposal evaluation findings/rankings and provide recommendation for award of contract to the head of the purchasing agency.

**5.3 EVALUATION CATEGORIES AND VALUE WEIGHT PERCENTAGES**

<b>Mandatory Requirements</b>	Pass/No Pass
	<u><b>Value Weight</b></u>
<b>Technical Proposal</b>	
<b>Experience &amp; Expertise of Firm / Key Personnel .....</b>	15%
<b>Method of Approach to Scope of Services.....</b>	15%
<b>Project Schedule .....</b>	30%
<b>Cost Proposal .....</b>	<u>40%</u>
<b>TOTAL.....</b>	<b>100%</b>

**5.4 EVALUATION SCORING SYSTEM**

The maximum number of points available for scoring is one hundred (100). The proposal receiving the highest number of points is considered statistically the best proposal and most advantageous to HHSC;

and, will be recommended for award of contract, unless otherwise determined and justified by the Evaluation Committee.

The evaluation categories are assigned a value percentage, as determined by HHSC, totaling 100%. The Evaluation Committee will rate each category and assign a score based on the total percentage points available for that category. For example, if the percentage points for Experience and Expertise of the Firm are 40%, the maximum number of points that can be awarded in that category are 40. The Offeror's total score will be determined by having the Evaluation Committee assign points in each category to each Offeror based on their evaluation of that section of the Offeror's proposal; and totaling the score for all categories.

**NOTE:** In determining the total score, the Offeror's cost proposal with the lowest cost will receive the highest available rating allocated to costs (i.e., it will receive a rating of 40 for the cost proposal category). Each proposal that has a higher cost than the lowest will have a lower rating for costs. The points allocated to higher-priced proposals will be equal to the lowest proposal price multiplied by the maximum points available for price, divided by the higher proposal price.

**SECTION 6**  
**AWARD OF CONTRACT**

**6.1 AWARD OF CONTRACT**

Award of contract shall be made to the most responsible and responsive Offeror whose proposal is determined, by the East Hawaii Region's evaluation team, to provide the best value to HHSC, considering all evaluation reviews and results.

**6.2 CONTRACT AWARD NOTIFICATION**

An official "notice of award" notification will be provided to the successful Offeror; and, a "notice of non-award" notification shall be provided to all un-successful Offerors.

**6.3 CONTRACT DOCUMENT**

The contract will be made up of this solicitation (Scope and Compensation) and the terms and conditions attached hereto and referenced herein. The contract will also include your offer, including all exhibits, amendments and best-and-final offer, if applicable.
